Testimonial for Lisa Richardson

Lisa provided a crèche for Mercure Holland House Hotel & Spa over a busy Sunday. We had a large number of guests in for a special all day Sunday Brunch. Lisa provided a crèche for all those parents who wanted to bring their children to the hotel but wanted to relax while knowing they would be leaving their kids in expert care. The crèche was a huge success all the children had a wonderful day being spoiled and superbly looked after by Lisa. We had many complements after the day to say how much both the parents and children enjoyed their Sunday. I hope to use Lisa's services again in the future and would highly recommend the company to anyone looking for professional child care guaranteed to give their children a day they will love.
